## Process for Selection for Academic Institute, Sports Academy & Matariki

As part of the Papakura Transitioning Programme, it has been agreed that the selection of students for the Academic Institute for 2010 will be based on the asTTle results sent to the High School from the contributing schools.

The parents of students being offered a place in the Academic Institute will receive a letter in late November.

Parents who would like their child to apply for a place in Matariki need to fill out the application form in the enrolment pack when they enrol. They will be contacted for an interview for a place in the programme.

Parents who would like their child to be considered for the Academic Institute or Sports Academy need to indicate this at the enrolment.
